CCSC-NE 2012 Programming Contest Information and Policies

Overview:

Teams will be evaluated by how many problems they can correctly complete, with ties broken by the amount of time taken.

Team Composition:

Each team may have up to three undergraduate students from a college or university. If space permits multiple teams can come from the same college or university.

Contest Time:

April 27th 9am – Noon. The contest is held concurrently with the conference workshops and before the paper sessions.

Other Information:

- Space is limited, so registration will be done on a first-come first-serve basis. A team's registration is not confirmed until payment is received. Space permitting, after April 1st second team requests will be considered.
- The team registration fee is \$50 and is non-refundable. All of the team members and the faculty advisor are required to be registered for the conference by April 1st.
- Note: there is a late fee for conference registration after April 1st.
- The programming contest languages are Java and C/C++.
- Except where noted, rules for the contest are similar to the ACM Programming Contest rules.
- The winners of the contest will be announced at the Conference Banquet.
